Message from President Cille King

One of the more enlightening but troubling presentations at the LWV National Convention in Dallas (June 6–10, 2014) was by Rice University Professor, Stephen Murdock. Dr. Murdock’s talk, titled “Demographic Trends for the Country – Population Change in the United States and Texas: Implications for Education and Socioeconomic Development,” showed that the United States has an aging white population and the minority (primarily Latino) population is the only group which is growing. About a quarter of Latinos and African-Americans live in poverty, and the only way out of poverty is a good education. However, middle class Americans are losing ground and the number of students with financial need unmet by household resources enrolled in colleges and universities is growing and is projected to grow from 1% between now and 2020, and to 18.4% by 2060.

When we consider the recent deep cuts in Kansas to K–12 and higher education; the increasing numbers who are living in poverty in Kansas; the failure to expand Medicaid to provide health care to our state’s most vulnerable citizens; and our new tax policies which reward the wealthy while increasing taxes on lower incomes, it’s obvious we need to change direction. In order to have a healthy, prosperous Kansas, we need to educate all of us, so that we have the skills to provide for ourselves and our families.

LWVUS President Elisabeth MacNamara at the podium, LWV National Convention, June 6–10, in Dallas.

Stucky Committee report

The Mable Stucky Memorial Scholarship was established in 1981 and honors a League of Women Voters member who was a strong advocate of good government and education. She believed in educating youth so that they would become “active informed citizens and leaders for the creation of good government.” A one thousand dollar scholarship (\$1000) is awarded to a Lawrence student who meets qualifications and demonstrates an interest and vision of self as a participant in government.

A special thank you to the committee that evaluated the scholarship applications this year. Members of the committee were Sharon Brown, Carladyne Conyers, Ellen Paulsen, and Marlene Merrill.

The awardee this is year is Alexander Houston. Alex will graduate from Free State High School in May. Alex impressed the committee with his strong academic skills and varied community and school interests. He has been active in debate, Model UN and the Quidditch team at Free State High School. He has earned his Eagle Scout designation. He participated in the United States Youth Leadership Forum on National Security and Diplomacy in Washington DC. He has demonstrated leadership skills in and has shown a strong interest in learning. He plans to study in college international relations and political science. Alex sees the importance of participatory democracy and the value of critical thinking skills to assist citizens in evaluating the political issues.

—Marlene Merrill, Stucky Committee chair

Welcome New Members

Please welcome **Katherine Morse**, who joins League together with husband Caleb. In addition, please greet **Ann Blackhurst**. She is interested in voter registration in addition to her present work with Small World. Another new member and volunteer phone person is **Maria Elena Duran**. She will “help in any way I can.”

Clarification: Voting in Kansas

Those who filled out an application for new Kansas voter registration, but failed to provide proof of citizenship (birth certificate, passport, naturalization documentation, tribal card, etc.), will have until the day before the election to provide that documentation in order to be able to vote. That deadline is Monday, August 4, for the primary (August 5), and Monday, November 3, for the general election (November 4).

Those who filled out a Federal application for voter registration, but failed to provide proof of citizenship, will be able to fill out a provisional ballot, and only the Federal votes will be counted. In this fall's election, that is for US Senator and US Representative. Fewer than 100 Kansas voters have used the Federal form.

About 18,600 Kansans have their registrations in suspense, pending documentation of citizenship. If you want to check your registration in Douglas Co, go to: <http://www.douglascountyelections.com>. Under Voter Portal, click on Already Registered Voters, enter your first and last names and your birthday. If you are registered, the site will show your polling place, elected representatives, and other information.

In Memory of Mary Davidson

Longtime League Member and former board member Mary Davidson died May 26, 2014. She was a supporter and activist on equal rights for women; simple equality on racial, gender, sexual equality and religious preference in Lawrence; public transportation in Lawrence; separation of church and state; open and accessible government; and individual liberty. She served as president of the American Civil Liberties Union, and was a delegate to the Democratic Party Convention in 2000. She was awarded the Helen Fluker Open and Accessible Government award in 2005 and her work, not only with the LWV and the ACLU, but with the National Organization for Women and the Lawrence Coalition for Peace and Justice, was cited.

A memorial service is planned for early July in Lawrence.

Suspended Voter Outreach

Shelley Bulkley (LWV Topeka-Shawnee Co), Debra Duncan (LWV L-DC), and LWVK President Dolores Furtado getting the Kansas delegation together for the plenary session, LWV National Convention, June 6-10, in Dallas.

The Douglas County Clerk's office has given us a new list of voters whose registration is in suspense. It has over 800 names, including some who need to show proof of citizenship, some who had an incomplete application and need to provide a new application, and some who only need to wait until they are 18 years old.

Members of our League plan to go to the people's homes in order to help them complete their voter registration. We have the documents required when a person's name or sex does not match their proof of citizenship (form CDU), Application for a Kansas Birth Certificate, Affidavit for a free Kansas birth Certificate, Application for an Advanced Voting Ballot, and a copy machine for copying a needed document.

Land Use Committee Report

17May 2014, 7 pm, Lawrence Community Mercantile, 901 Iowa St.

The Land Use Committee met on May 17 to discuss the May 19 & 21 Planning Commission (PC) Agenda Items. We sent one letter. Cille King represented the Board at these meetings. We should make the point that the actual Planning Commission public hearings are much more interesting than the Staff Reports or our reports to you. It gives one an appreciation of our volunteer planning commissioners, who are very dedicated public servants, spending hours and care on studying these planning issues.

The letter we sent was on Item No. 8: the renewal of the Special Use Permit for Runaway Pony Bed & Breakfast (B&B) at 603 Tennessee St. This item had been deferred to the May PC meeting because the initial Staff Report in April had not recognized that the zoning ordinance and the original conditions placed on the Special Use Permit (SUP) had been violated, and this critical situation was noted by the Planning Commissioners, who deferred the item when it was first presented. The original SUP, based on the Zoning Ordinance, had required the B&B to be owner occupied, had limited the number of guest bedrooms to three, and the owner, not an employee resident manager, was supposed to manage the B&B on a daily basis. In addition, messy exterior yard conditions (which were cleaned up before May) and inadequate parking for guests and potential employees had violated requirements. None of this had been noted in the original Staff Report. The planning staff had treated the item as routine, and had recommended approval.

Our letter to the PC in May pointed out that without some system (other than neighborhood complaints) for ensuring compliance with our planning laws, such as staff inspections, it is not feasible to ensure enforcement at all. Non-compliance encourages ignoring our planning laws. We suggested that simply approving renewal of the SUP provided the wrong incentive both to the applicant and to other potential zoning applicants to ignore these planning laws, and our laws in general. We suggested that renewal of the SUP should be denied and that the applicant should start over with enforceable conditions.

This time, in the current Staff Report the staff documented that some of the conditions had, indeed, been violated. This time rather than relying on verbal testimony, the staff went to published advertising and other sources indicating that there were more than three beds available for rent, among other violations. At this May PC meeting, in their report the staff gave the commission members four options from which to choose when considering the item, one of which was to deny the SUP. After a long and thor-

ough discussion by the applicant, neighbors, interested people and staff, the Planning Commissioners recommended the approval of a new SUP for a single family owner-occupied B&B rather than any of the alternatives. A major reason was that the neighbors generally considered the B&B a benefit to the neighborhood because of the renovation and maintenance of the old historic house, but objected to its being in violation of these B&B regulations. Approval of the SUP under the new conditions was to be for five years for the B&B with the original restrictions of a limit to three paying guests, owner occupancy (with proof), all resident manager/employees prohibited, and to be formally monitored every 6 months for two years. Additional conditions would guarantee compliance including an unchangeable site plan. OUTCOME: The B&B, with conditions, was approved 7 to 2.

The other items were interesting but, to us, uncontroversial. **Items No. 1a–c** concerned the de-annexation and rezoning to agriculture of 87 acres of land zoned for industrial use but used as farmland, partly in the floodplain on the eastern portion of the East Hills Business Park. It had not sold and would have been very expensive to develop. **Item 2** was the annexation of 54+ acres surrounding the future K-10 and Bob Billings Parkway interchange in preparation for connecting it to Bob Billings Parkway (the former 15th St). **Item 3** was the Preliminary Plat for the Bert Nash Addition. This former VFW building will be used by Bert Nash and the remaining 8.5 acres of vacant land and pond will be a city-owned trail park eventually connecting to Burcham Park. **Item 4** was the Conditional Use Permit for a meteorological tower in the KU Field Station northeast of North Lawrence for monitoring atmospheric and climatic conditions. (At the meeting in May, in reviewing the tower for future flight safety, found to be not a problem, an existing tower, since removed, was discovered that would have been a problem). **Item 5**, supported at the meeting by the neighboring residents, was a proposed conversion of the vacant Zimmerman Steel Company building on east 19th to an indoor/outdoor fitness center. **Items 9a–c** concerned rezoning from IL (Limited Industrial) to GPI (General Public and Institutional Use), a request for a Special Use Permit, and a Preliminary Plat for a technical school on the northeast corner of Haskell Avenue and 31st St. This is the site of the new high school level technical institution felt by many to be needed. It will be north of and adjacent to (on the same property) a training facility to practice technical skills. Students will have direct bus transportation between this location and the two high schools.

Report [1] from the 51st LWVUS National Convention

June 6–10, Dallas, Texas

The National Convention established the National program for the next two years through the mechanism of a plenary which was called to order by the National President and subsequently adjourned by the President four days later. During the five interim plenary sessions, those attending the convention elected the National Officers, Directors/Trustees, and Nominating Committee, passed a budget, addressed positions and much more—including directions to the Board from the membership.

Having attended the 2012 National Convention in Washington, D.C., my goal at this convention was to participate in as many caucuses as time would permit. The presentations of caucuses were held at times when the plenary was in adjournment. Caucuses are designed to address many issues of interest to League members. I attended the following caucus sessions

The Kansas delegation to the LWV National Convention at the Omni Hotel in Dallas.

- Restoring Voting Rights to Ex-Felons
- Implementing and Expanding a Poll Observer Program
- Your League at the United Nations
- Combating Climate Change: What your League can do
- For the Rights of All: Ending Jim Crow in Alaska
- Prison Gerrymandering – A Problem in Your State?
- Redistricting Reform

I appreciate the opportunity to attend the National Convention as a Voting Delegate from the Lawrence–Douglas County League.
—James Dunn

Save the Date for League Potluck and Candidate Meet-n-Greet!

Save August 21 from 5–8 pm for a pot-luck outdoor event at the Centennial Park East Shelter House to meet as many candidates as we can. One main dish item will be provided along with optional dishes from attendees. A feature of the program is a “speed dating” round with several candidates at different tables. Prospective voters will move from one group to the next to interview as many of the prospective office holders as possible. All are welcome, so please bring a friend.

We need your help! Preparation includes set-up, publicity, food organization, candidate coordination. To volunteer your help, please contact Margaret Arnold at mjar-nold[at]ku.edu, 785.842.9989 or 785.766.9646.

Report [2] from the 51st LWVUS National Convention

June 6–10, Dallas, Texas

The Convention was attended by approximately 700 attendees from 47 states, the District of Columbia and Puerto Rico. LWV L–DC voting delegates were Cille King, James Dunn, and Debra Duncan. Convention materials, including handouts and most speeches, are on the LWVUS website (<http://www.lwv.org/member-resources/convention-2014>). If you need hard copies, contact Debra at [herditb4\[at\]me.com](mailto:herditb4[at]me.com) or 785.749.0433.

Some issues of note during the convention. Deirdre Macnab from Florida was originally on the slate for the League Board of Directors but she declined that position and instead was nominated from the floor for LWVUS President. An election was held and Elisabeth MacNamara, the current President and choice of the nominating committee, won by a margin of over 200 votes.

LWVK made a caucus presentation based on a Kansas pilot program. The title was “Money Smarts: Lessons Learned from the Sustainability Pilot Program.” The program focused on Kansas Leagues and their year-long efforts to examine and implement fundraising best practices at the local league level.

LWV Berkeley, California presented a proposal to adopt the “Kansas” position on a Living Wage, which advocates, in part, “Encourag[ing] establishment of a living wage policy by government and for-profit businesses that receive tax incentives and other public funds....”. This position, which was adopted in Kansas in 2000, was not approved. The language was problematic. The word “Kansas” was left in the motion and a living wage defined as living without state or federal subsidies. The language was written before the advent of the ACA, which provides health care subsidies for a significant portion of the population. There was also confusion between the definitions of minimum wage and living wage. Berkeley used the Kansas position because Kansas was one of the few states that responded to their request on a Living Wage position.

Motions approved at Convention. [1] *Motion to adopt* a LWVUS Board-recommended concurrence with the LWV New Jersey Human Trafficking position as outlined on p. 35 of the Convention Booklet. [2] *Motion to adopt* a comprehensive three-part program combining study and review of key, specific structures of American democracy, consisting of: A study of the process of amending the U.S. Constitution; A review and update of the League position on campaign finance in light of forty years of change; and a review of the redistricting process for the U.S. Congress as outlined on p. 35 of the Convention Booklet. [3] *Motion to retain* all current LWVUS Positions in the areas of Representative Government, International Relations, Natural Resources, and Social Policy. [4–6] *Motions to approve the following resolutions:* [4] The LWVUS should support a price on carbon emissions that will increase in stages, as part of an overall program to improve energy efficiency and to replace fossil fuels with renewable energy, fast enough to avoid serious damage to the climate system. [5] Be it resolved, we, the representatives of local and state Leagues assembled at the 2014 LWVUS Convention, call upon the LWVUS Board to quickly appoint the committees to review our campaign finance position and to study the process of amending the Constitution, in order to arrive at a comprehensive national action program that will support the aspirations and content of our position and mobilize our members. We call upon those committees, as well as the newly-formed committee on redistricting, to move quickly, deliberately and collaboratively to produce results that will allow the League, unified and strong, to participate fully in local, state and national efforts to reclaim our democracy. [6] Be it resolved, we, the delegates to the 2014 Convention, call upon the LWVUS Board to: Strongly advocate for passage of legislation that restores voting rights in federal elections to citizens with felony convictions who have been released from prison or who have been paroled or placed on probation; Use the resources of LWVUS to provide support to Leagues who are working to repeal state felon disenfranchisement laws.

Convention delegates elected Officers: Elisabeth MacNamara, President, Toni Larson, Vice President, Karen Nicholson, Secretary, and Patricia Donath, Treasurer; LWV Board of Directors Peggy Appler, Chris Carson, Connie Ferguson, Rosalee Keech, Anita Loch, Anne Schink, Linda Wassenich, Barbara Zia; and Nominating Committee members Mary Fox, chair, Alice Giles, and Lee Luebbe. Finally, nine new Leagues were recognized, including LWV of Leavenworth, KS.

Neither required immediate action by the Board. **Fund raising event.** Midge has been calling around to restaurants to see which might just kick in 10% of day's takings (without having to announce them). **Membership and Leadership Development.** Ellen Miller is our new MLD liaison. Cille will invite Ellen to our retreat. **Voting delegates to LWVUS Convention, Jun 6–10.** LWV L-DC will reimburse Cille and Debra for the cost of attending as delegates, but we are allowed 3 delegates. — *Caleb Morse*

Do YOU need a reminder?

We are still collecting dues for this 2014–15 League year. If you have not yet paid your dues this year, you will receive a “gentle reminder” in this month's mail, along with a renewal form. This is the same form that may be found on our website (LawrenceLeague.com) and as the last page of every copy of the *Voter*.

Dues were officially changed at our annual meeting, making them more affordable. Details are on each renewal form. The major portion of your dues goes for per-member-payments that support the vital activities of the League of Women Voters of Kansas and the League of Women Voters US. The rest goes to fund our educational activities: studies of issues, meetings open to the community to explore and learn, publishing and distributing information, and activities, such as registering voters, helping obtain essential documents.

When you send in your dues, please remember to complete the form, letting us know your particular interests and abilities. We are grateful to those of you who support us only with funds, but we value knowing how else you might be able to participate—researching issues, observing at public meetings, planning meetings, making phone calls, editing, contributing to social media, helping with mailings. What studies would you like to participate in? When you invest your skills and interests, League membership is especially rewarding.
